DESIGN DOCUMENT

PRG1048-2.2

The purpose of this app is to allow people to share, review and discover musical records.

Pages will include:
1. Homepage
    This page welcomes users to the web application, with the option to navigate to the other web pages available.
2. Record Index
    In essence, this page is a list of (music) records containing information added by individual users. Clicking on the data being supplied allows the user to view the record description and can like or dislike it.
3. Record Heads
    A list of users registered with the website is included, along with their email addresses. Planning to add a private message feature in the future for convenience.
4. Login
    Login page for registered users
5. Sign Up
    Sign Up page

CMP1042-7.2 (R3)

Professional obligations

- I was expected to complete the project on time and with minimal errors as part of my professional responsibilities. Furthermore, it is up to me to ensure I meet all the criteria and check all the boxes.

Ethical obligations

- I am responsible for making sure that the application adheres to ethical standards approved by CCC.

Legal obligations

- My legal obligations require that I ensure the security of user data. This means having written functions to ensure that all users' information is protected.
